A NEW LOGO, A NEW THEME, A NEW RI PRESIDENT

A hallmark of Rotary service has always been Rotarians' commitment to doing what needs to be done. Every day, in tens of thousands of communities, we look around us to see how and where we can best help others. The help we provide responds to many situations and takes many forms. On a club level, we might take books to a school, help a disabled person with errands, or volunteer in a jobs program. Together with other clubs, we are capable of projects with greater reach. And the participation of our entire network of clubs, along with the support of The Rotary Foundation, has allowed us to commit to our primary and most ambitious goal: the global eradication of polio. When choosing our service projects, we do our best to work in ways that will have the most positive, and most lasting, impact. But to ensure a better world for many generations, we must begin by taking care of our youngest generation. This is why, in 2008-09, I will ask Rotarians everywhere to focus on the most precious resource of every community: our children.

This is why the RI theme for 2008-09 is *Make Dreams Real*. Food and water, health care and schooling, the chance at a long and full life — this is the unrealized dream of too many children. In 2008-09, I ask you to *Make Dreams Real* for these children and their families, and to work with me toward the Rotary dream of a happier, healthier, and more peaceful world.
